Stage 2: Weights and Measures Professional Interview

Professional Interview Examiner's Report September 2024

Two scenarios were used for the September 2024 professional interviews both relating to a factory inspection: one packing fish and one packing ice cream. Five questions are asked per scenario, and the scenarios are marked out of 100. Not all questions are allocated 20 marks.

Candidates should be mindful of the cost to the packer of rejecting an entire batch when the simple removal of a T2 pack and retesting could make it compliant.
